## About this form

The purpose of this form is to provide feedback to the intern on their performance and to support the decision about satisfactory completion of internship.

The form is to be completed by the term supervisor and by the intern (for self-assessment) at the mid-point in any term longer than five weeks and at the end of the term.

This form has not been designed for recruitment purposes and should not be used for such purposes.

#### **Instructions for interns**

Complete this form before assessment meetings and discuss it with your supervisor at those meetings. Consider your strengths and areas where you could benefit from additional experience. Your self-assessment is not for submission.

## Instructions for supervisors

Complete and discuss the form with the intern. Consider the intern's self-assessment and the observations of others in the discussion. The supervisor should:

- Assign a rating for intern performance against each outcome statement. Note: assigning a rating of 2 or 4 indicates that the performance falls between the descriptions provided.
- Use the 'Not observed' option where appropriate and note this for further action.
- Complete an Improving Performance Action Plan (IPAP) when an intern requires remediation or additional support (e.g. when the intern is assigned ratings of 1 or 2 for one or more items.)
- At the end-of-term assessment, assign a global rating of progress towards completion of internship. Review any existing remediation plan to determine if it is complete, or if ongoing actions are required.

## Does an Improving Performance Action Plan (IPAP) need to be completed?

Yes No

Please refer to the instructions on page 1. An Improving Performance Action Plan (IPAP) template<sup>4</sup> is available on the AMC website.

#### **Global rating** (required for only end of term assessment)

Assign a global rating of progress towards completion of internship. In assigning this rating consider the intern's ability to practise safely, work with increasing levels of responsibility, apply existing knowledge and skills, and learn new knowledge and skills during the term.

Globa	Global rating				
	Satisfactory - the intern has met or exceeded performance expectations in the term				
	Borderline – further information, assessment and/or remediation may be required before deciding that the intern has met performance expectations				
	Unsatisfactory – the intern has not met performance expectations in the term.
