<b>Issues relating to trainees for 2020</b>	<input type="checkbox"/>
Modifications to: <ul style="list-style-type: none"> <li>selection processes for 2021</li> </ul>	

## Details of change(s):

**1. What are the elements/details of the change? The AMC is seeking high level summaries only in this section. If already covered in material submitted to the Australian Government Department of Health, the College can cross reference to that material**

*[In one to two paragraphs, please describe the change to the program and the College's rationale in terms of maintaining educational equivalence, volume of learning and achievement of outcomes with the accredited program. If more than one change type is ticked, please include one to two paragraphs for each.]*

**2. What additional quality assurance or evaluation mechanisms is the College planning in relation to this change**

Please also address here whether the College believes further change will be necessary for cohorts of trainees post 2020.

**3. Provider's approval and communication processes for change.** Rather than appending detailed supplementary material concerning changes, Colleges are asked to submit material already prepared or drafted such as communications to health services, jurisdictions, Fellows and trainees about the changes. If the College is referring to a COVID-19 webpage, please indicate which specific components are relevant

**a. Please indicate the internal approval process (e.g. approved by Education Committee, in the process of being approved by the Education Committee etc)**

*[Enter details here...]*

**b. Please append relevant communications to staff and trainees already completed and indicate those that are planned.**

*[Enter details here...]*
