May–August 2026 Clinical Examination Scheduling

The AMC will soon open scheduling for the May–August 2026 Clinical Examination. Candidates should note that the scheduling process for this release will differ from previous releases. The AMC Scheduling System, which was used in the previous November 2025 release for the February–April 2026 examination series, is currently undergoing improvements to ensure a smoother and more dependable scheduling experience for AMC candidates.

Scheduling Preferences Application Model

Eligible candidates can submit their scheduling preferences through their AMC Candidate Account. Unlike the previous scheduling process, payment will not be required at the time of submission.
Candidates may nominate up to three preferred exam dates. After submissions close, the AMC will review all preferences and allocate exam dates accordingly. The May–August 2026 release will include over 1,000 examination placements.

Please note that submitting an exam preference does not guarantee a placement. Candidate examination placement will only be confirmed after receiving a confirmation email from the AMC & payment has been confirmed as outlined in this email. Candidates will be notified via email if they are unsuccessful in receiving a placement. Candidate preferences will be allocated on a first-received, first-allocated basis.

Payment information

As the Scheduling system is a manual process, the AMC can allow for both credit and debit cards to be accepted on the Commonwealth Bank payment system. Information on how to pay for an examination placement will be provided to successful candidates via email.

Expression of Interest (EOI)

Candidates who were unsuccessful in securing a clinical placement, will be informed if they have been added to the Expression of Interest (EOI) list based on their first preference.

The following conditions apply:

- The number of candidates that may be added to the EOI waitlist is limited and subject to operational capacity.
- Candidates may be contacted with an examination placement offer at any time, from several months to a few weeks prior to the examination date
- The AMC is unable to provide specific timeframes or assurances regarding when placement offers may be issued.
- Inclusion on the EOI waitlist does not guarantee allocation of an examination placement.

- Please note that EOI submitted via email will not be accepted.

How to schedule

In order to submit a preference for May-August examinations, please log onto your AMC account and follow the instructions below:

1. Select Clinical examinations
2. Complete the application form by selecting up to three (3) preferences where available
3. Select submit preferences
4. A notice will appear at the top of your Candidate account screen confirming '*Your placement preferences have been received. Please check your email'*
5. Your confirmed submitted preferences will be emailed to you

Important reminder: submission of an application form does not automatically confirm an exam placement.

The key submission and payment notification dates are outlined in the table below.
